

PURPOSE: To better inform the MSMS Student Body of SGA proceedings.

INTRODUCED BY: Ananya Mantri

**BE IT RESOLVED BY THE MISSISSIPPI SCHOOL OF MATHEMATICS AND
SCIENCE SENATE**

SECTION ONE (REASONING):

Many students at MSMS are unaware of the bills, resolutions and proceedings of the MSMS Senate unless they have friends that speak a lot about SGA. The purpose of this resolution is to better inform the MSMS student body and allow them to become more vocal about what they would want to see implemented in the student body.

SECTION TWO (PURPOSED ACTION):

To propose an SGA Website that shows an agenda of Senate, the progress on bills and resolutions, a place for anonymous comments and suggestions, a timeline of changes to the handbook, and the SGA Constitution and Student Handbook. This may require a new SGA position to maintain the website.

SECTION THREE (APPENDIX)

Response One (Marquavious Sillimon, Junior): “I feel like you guys are not really doing anything.”

Response Two (Ahjahnae Washington, Junior): “Most of my friends are in Senate, so that is why I know what they do.”

Response Three (Evan Burgoyne, Senior): “Accessing details about bills would be easier if there was a website, as there is not a lot of available information for us. We are not very informed about Senate.”
