

PURPOSE: If a Resident Assistant (RA) is more than fifteen minutes late to room checks, students may be excused with their keys and IDs left by the door.

INTRODUCED BY: Annaliese Coughlin

BE IT RESOLVED BY THE MISSISSIPPI SCHOOL FOR MATHEMATICS AND SCIENCE SENATE:

SECTION ONE (REASONING):

There has been a recurring issue with students waiting in the hallway long after room checks are scheduled. With the tiring schedule of MSMS, this takes away from valuable time the students could use elsewhere. If RAs are more than fifteen minutes late, students may leave their identification in view (like they're sleeping) and will face no ramifications for not standing outside of their door, waiting. This does not apply to room inspections.

SECTION TWO (SPECIFIC CHANGE):

Room Check—Room checks will occur at 10:30 p.m. on weekdays for all students. On weekends, room checks will occur at 11:00 p.m. for students on Junior Plan and IP and 12:00 a.m. for all other students. Students will be asked to stand outside the doors of their rooms with their keys and IDs until a Residence Hall staff member has accounted for them. **If the Residence Hall staff member is over fifteen minutes late on non-inspection nights, students may leave out their key and ID in sight by the door, and will not face ramifications for being inside their rooms.**
